

Mint of the United States at Philadelphia,

July 21st, 1887

Sir

Last night at 8.45 the water from the large tank running into Seperating room overflowed. The waste pipe becoming stoppped up from dirt and wood chips being in the basin. after considerable trouble we transfered the water to another basin in the same room. and made every thing all right

Respectfully

John Jordan

Capt-night watch

Hon W.M. Foy

Supt. U.S. Mint

NARA RG104, Entry 1, Box 146

Mint of the United States at Philadelphia,
July 21, 1887

Sir

Last night at 8:45 the water from the large tank running into the Separating Room overflowed. The waste pipe becoming stopped up from dirt and wood chips being in the basin. After considerable trouble we transferred the water to another basin in the same room, and made every think all right.

Respectfully
John Jordan
